Samuel & Sons announce expansion of The Cambridge Collection

Passementerie experts Samuel & Sons are delighted to announce the expansion of their hugely popular Cambridge collection. A cornerstone of the Samuel & Sons repertoire, Cambridge Vol. II features an exciting array of new colourways, all selected by Samuel & Sons' team of trend forecasters.

Vibrant, saturated bright tones are balanced by neutral greys and metallics. The spectrum of colours ranges from citron and turquoise, to emerald and magenta. Effervescent greys and matt metallics counter the vibrancy of the brights, creating balance and sophistication.

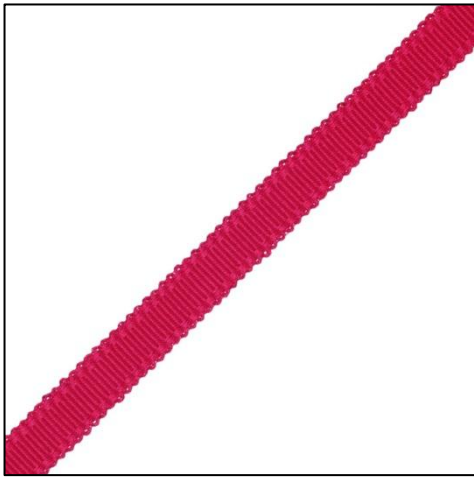

Samuel & Sons predict that magenta and various tones of coral and pink are emerging with strength and will be a popular choice for interiors this summer. Along with tropical tones of green and blue, like their Pool and Lagoon colourways.

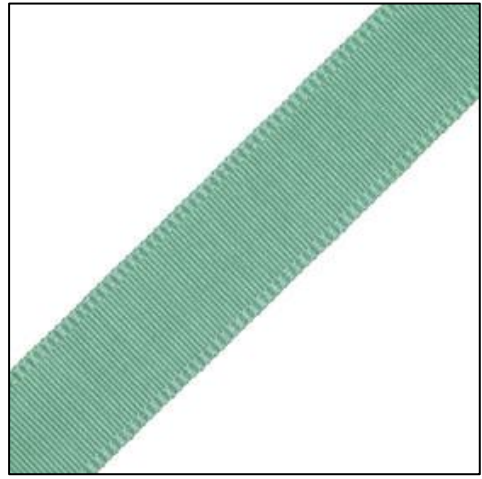

The collection is available in 104 different colours and in a variety of cords and braids. Choose from a 1/8" (2.5mm) cord, a 9/16"(13mm) Strié Braid and a 1.5"(38mm) Strié Braid.
