

SAMUEL & SONS

New for autumn 2014: The Toscana Collection

Samuel & Sons presents the Toscana collection, a beautiful range of trimmings and tassels made from the finest Italian leather. Sourced from tanneries near Florence, Samuel & Sons have transformed luxurious leathers into a wide range of impeccably crafted Passementerie.

The collection exhibits classic influences of equestrian detailing in the braided cords and borders, while at the same time employing novel embellishments in the stud borders and understated sophistication of the Nubuck piping.

Toscana's studded borders combine soft leather with patina silver and gold hardware in a range of finishes and colourways. Also in the collection is a tailored single tassel tieback and a 5.25" cut fringe, which is suitable for both drapery or upholstery applications. Completing the repertoire is a 4" key tassel in an array of 15 colours, from natural tones to vivid hues. The colour palette of the Toscana collection is made up of black and chocolate tones, complemented by earthy hues and lighter neutrals.
